

Pictures Tell a Story Too!

When studying a photograph..

LOOK

Describe what you see.

What objects and people are shown?

Where and What is the setting?

What else do you see?

How are the people arranged and what can you tell by this?

WHAT DO YOU ALREADY KNOW?

What do you already know about that time and what is happening in the photograph? What do you know about the people and objects that appear?

INTERPRET AND TELL

What is going on in the picture?

Who are the people?

What are they doing?

What are the objects used for?

What can you learn about the time period?

Now, look at your own family pictures and ask your self these same questions. What could a historian learn about your family. Write your answers down and share your history!
